Need Identification

Educational Sessions & Mutual Learning

From Storyboards to High-Fidelity Prototypes

Public Showcase

Healthcare Workflow Exploration
panel discussion & dollhouse activities

Multidisciplinary Team & Diverse Stakeholders
artists, engineers, makers, healthcare workers, patients, caregivers

Knowledge Sharing through Expert Talks
embodiment design, art, prototyping, navigation, human perception

Storyboard

Cardboard Prototype
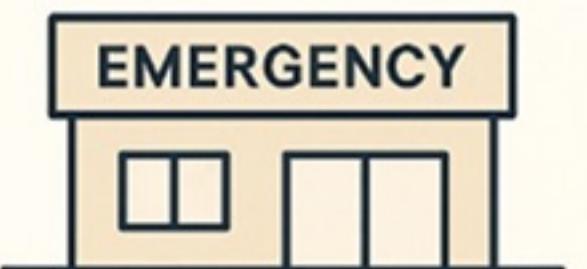

Full-Scale Prototype

Journey Sharing

Co-Design for Embodied AI: 3-Month Workshop Series on Healthcare Robots Across Contexts

EMERGENCY

Emergency Department

Long-Term Rehabilitation Facility

Sleep Disorder Clinic
